

## About Us

**Wisconsin Oven Corporation** is located in East Troy, Wisconsin, southwest of Milwaukee and northwest of Chicago. Our main manufacturing operations and various subsidiaries and divisions are housed in our complex of buildings located in the East Troy Business Park.

**Wisconsin Oven Corporation** has been designing, engineering, and manufacturing industrial ovens and other heating equipment since 1973. Our custom and standard industrial ovens are used for a multitude of applications including heat treating, finishing, drying, or curing. Many of the industries we serve require specific temperature uniformity and equipment performance documentation. Our experienced design team is able to meet even the most stringent standards for our customers' equipment.

**Wisconsin Oven** is owned by **Thermal Product Solutions ("TPS")**, a leading American manufacturer of custom industrial ovens used for heat treating, finishing, drying, curing, manufacturing automation and process control. **TPS** is a global leader in thermal processing products and test solutions with brands including **Baker Furnace, Blue M, Gruenberg, Tenney, Lindberg/MPH, Lunaire,** and **Wisconsin Oven.**

## Mission

### INNOVATIVE PEOPLE

*Empowering employees to think creatively while using the latest advances in technology to provide innovative design solutions.*

### QUALITY PRODUCTS

*Backed by the longest warranty in the industry, we stand by the quality of our equipment.*

### TOTAL COMMITMENT

*Total Commitment to our customers, our employees, and our community.*
